

E-MOBILITY VILLAGE: THE WAY FOR THE FUTURE

38TH BIKER FEST INTERNATIONAL (MAY 9-12, 2024)

For the fifth consecutive year, the **Biker Fest International** (9-12 May 2024) makes an "E-turn" thanks to its traditional appointment with the **e-Mobility Village**: a 4,000 sqm area completely dedicated to **sustainable mobility** in all its forms, which will stand in front of the **Teghil Stadium** in **Lignano Sabbiadoro (Udine - Italy)** from the **10th to 12th May 2024**. During that weekend, the BFI turns the Adriatic town into the "European Daytona", opening its doors to **120,000 motorcyclists and enthusiasts**.

E-bikes, electric motorcycles, mopeds, cars, micromobility, all in the sign of **innovation and low environmental impact** to explore the "way for the future": the e-Mobility Village is a unique opportunity to **see first-hand and test out the latest two and four wheels novelties**, riding and driving for free the electric and hybrid models of the many Manufacturers present. During the last edition (May 2023) the Biker Fest International broke all its previous records with over **4,000 road tests** carried out.

This year, for the first time, the e-Mobility Village have the honour to host **SIEB** and **Yamaha**. The **Scuola Italiana E-Bike** (Italian E-Bike School) will provide several **Fantic** models proposing cycle tours to discover the beauties of the Adriatic coast, while the Japanese brand will stop in Lignano with its **eBike Tour 2024**, offering the possibility of free testing of its entire range dedicated to urban mobility, leisure and sport.

Finally, on Sunday 12 May, will take place the 2024 edition of the **e-Mobility Meeting**, the EV gathering organized in collaboration with **Tesla Club Italy** which will bring the long snake of electric cars to parade through the streets of the city.
