EDITION

Press Release | Lignano Sabbiadoro (Udine - Italy) | March 10, 2026

At the 2026 U.S. Car Reunion, the first National Ram Rally and a partnership with Meguiar's

The 31st Reunion dedicated to US-made cars (May 16-17) will transform the streets of Lignano into a true American scene. More than 500 vehicles are expected

The unmistakable sound of **American V8 engines** returns to the spotlight in **Lignano Sabbiadoro** on May 16–17, 2026 with the **U.S. Car Reunion**. This will be its **31st edition**, as always held within the framework of the **Biker Fest International**, where it first debuted back in 1995. One of the most authoritative and long-running events in Italy dedicated to US-made vehicles, the Reunion will be enhanced this year by two major nouveautés: the **1st National Ram Meeting** and the official partnership with **Meguiar's**, the historic detailing and car-care brand that has chosen this important stage to celebrate its 125th anniversary.

Curated by the **Ram Division** club, the Ram gathering will represent the first Italian nationwide meeting reserved for owners of the massive **Dodge Ram** pickup trucks coming from across the country and from all over Europe. Starting on Saturday, May 16, the Market Area will host a dedicated parking space for Rams, offering a visually striking display. The program will include the **Top Ram Contest**, with awards for the most historic vehicle, the crew traveling from the farthest distance and the most distinctive example.

Organized by the specialized magazine *Cruisin' Life* and the Old School Garage Club of Pordenone, the U.S. Car Reunion continues to evolve as a true “event within the event,” building on the **550 registered vehicles** recorded at the last edition. The headquarters, set up in Lignano's **Market Area** (next to Teghil Stadium), will provide a non-stop welcome ahead of the traditional Sunday parade along the city's avenues and the awards ceremony celebrating the most beautiful and significant vehicles.

Completing the experience will be the presence of fascinating Fifties-style **pin-ups** and the opportunity, for pre-2000 American cars, to take part in **Kustom&Classic** as well — a car meet dedicated to **classic cars and youngtimers** of all brands and nationalities, whether original or customized. The second edition of the gathering, successfully launched in 2025 in collaboration with the Lowered Garage club from Gorizia, further enhances this 40th anniversary by celebrating heritage and style. It also confirms the growing attention that Biker Fest International, over its forty-year evolution, has devoted to the four-wheel automotive world, with the aim of exploring every possible facet of a passion that embraces the **entire motor universe**.

No pre-registration is required for the U.S. Car Reunion. For all information about **Kustom & Classic** (including verification of whether your vehicle complies with the event format), please visit www.loweredgarage.it or email info@loweredgarage.it. For the **National Ram Meeting**, you can contact Ram Division at +39 393.6116112 or visit the official website www.ramdivision.it.
