

Press Release | Lignano Sabbiadoro (Udine - Italy) | Wednesday April 15, 2026

## The Flavors and Landscapes of Friuli Venezia Giulia Await at the 40th Biker Fest International MotoTours

*Organized by Moto Club Morena (FMI), the Friday and Saturday motorcycle touring itineraries will take hundreds of riders on a journey to discover the region*

The “Daytona of Europe” is much more than a major rally: the **40<sup>th</sup> edition** of the **Biker Fest International (May 14–17, 2026)** once again confirms itself as a dynamic and immersive experience, offering a 360-degree celebration of motorcycle passion. In this spirit, Moto Club Morena FMI will lead two **MotoTours**, both departing from and returning to **Lignano Sabbiadoro (Udine – Italy)**. These routes will guide bikers and motorcycle tourists through the highlights of **Friuli Venezia Giulia**, a region rich in history, art, food and wine traditions, and breathtaking landscapes.

The **Friday, May 15** tour (*The Hills of Prosciutto*) will head to the **Prosciuttificio Bagatto**, a **historical ham factory** founded in 1957 in San Daniele del Friuli. Participants will enjoy a guided visit with tasting of the renowned **prosciutto crudo**, internationally celebrated for its distinctive aroma and delicate sweetness. After lunch in **Majano**, the itinerary will continue towards the villages of **Susans**, home to a picturesque 17th-century castle, and **Pinzano**, offering stunning views over the **Tagliamento Valley**—often referred to as the «*last wild river in Europe*» due to its unspoiled course.

The **Saturday, May 16** program (*Between Rivers and Springs*) features a shorter yet equally engaging route, heading to **Ariis di Rivignano**, on the banks of the **Stella River**, in an area known for its natural springs. The tour includes a stop at the ‘**Paolo Solimbergo**’ **Aquarium**, a true museum of Friuli’s freshwater ecosystems, where visitors can observe around forty fish species and discover the secrets of river life from source to mouth, with both indoor and outdoor areas populated by fish, dragonflies, and mallards. After lunch in **Palazzolo dello Stella**, the ride will continue along the roads of the Friulian plain, shaped by the region’s main river, the Tagliamento. In the late afternoon, upon returning to Lignano, participants will be able to join thousands of riders expected for the **Saturday Light Fever**, the evocative sunset parade scheduled for 7:00 PM.

For motorcycle travelers arriving as early as Wednesday and Thursday—many of them from abroad—a **multilingual map** featuring **several itineraries** will also be available. The map has been developed by PromoTurismo FVG in collaboration with Terre di Moto, allowing visitors to explore the region independently.

To **register** for the MotoTours, please follow the instructions in the dedicated section of the official event website. Participants can also purchase a **full package** including both Friday and Saturday rides:
